### IH Vilnius conference on Migrant Integration in the EU

June 20 2012

If you are interested in migrant integration processes, IH Vilnius invite you to join them for the international conference "Migrants Integration Processes in EU – First Steps in Their New Home Countries" - an exciting event that will be organised in Vilnius on 15 June 2012 by Soros International House within the framework of the LLP Grundtvig Multilateral project "INTEGRA - Migrants' Integrating Kit - Basic Language for Dealing with Financial Matters".

The Conference aims to overview the work on the project in all partner countries and to present the final project product CD- Migrant Kit.

The Conference will address the issues related to fostering migrants' integration through involvement of newcomers into the social life of local communities, language learning using innovative methods, and providing possibilities for integration into the labour market of a new home country.
